Webscrape & DataFrame: scrape a section of exchange web

📍

Scrape two sections of this page into DataFrame
structure: https://www.hkex.com.hk/eng/stat/smstat/dayquot/d220608e.htm#short_selling
1) QUOTATIONS
2) SHORT SELLING TURNOVER - DAILY REPORT
Note that
1) both sections are fixed length
2) title is not needed for the DataFrame
3) two sections should be placed in two DataFrame
